OUR SERVICES

PROCUREMENT

Local Procurement: Riding on the trade and project finance cooperation of our Bankers, we have virtually inexhaustible capacity to provide funding and delivery services for clients on a revolving basis. We are one of the very few shipping logistics companies that operate with high magnitude. We provide additional value to Clients who involve us as their Logistics Partners- right from the requisition stage. Thus, we help in analyzing delivery terms of shipment; trade documentation, vendor expediting, Carrier choice and charter, budgeting etc. We are there for you, be it LC transactions; Non valid, e-commerce or any other.

Foreign Procurement (Finance, Documentation and Expediting): Working in partnership with our international partners in UK and Germany, PSL has the capacity to handle procurement across the globe for our desiring clients for:

- OEM
- Industrial Raw Materials
- Project Equipment and Machinery
- General Goods, etc

▲ Air Freight

▲ Sea Freight

FREIGHT-AIR & SEA

PSL is top notch in making great bargain freight arrangements for our Clients from X-factory to port of destination, be it air or sea ports. Our good bargaining power is as a result of our carefully selected foreign partners with global network and likewise, we carefully select partnerships with shipping lines and cargo airlines, as well as port operators or concessionaires for best result. Our cost savings from both freight and insurance becomes significant for client with volume shipment over time. Our freight services also include shipment expediting and loss recovery services. This is significant for time bound and proprietary shipments.

CUSTOM CLEARANCE

For import or export cargo, equipment or machinery, re-importation or re-exportation of project equipment or spares, Containerized, Groupage or RORO shipments, you are in the right hands with us. With focus on speed and cost optimization we help our clients resolve tariff issues, customs documentation; permits and all other regulatory requirements to ensure smooth service delivery. We deploy our exceptional brand value based on our up-to-date knowledge, professional skills and good network of key contacts in the industry. We also ensure your transactions are in compliant with prevailing regulations at all times.

WAREHOUSE SERVICES

Whether at our warehouse, client's designated warehouse or third party leased/rented warehouse, we conveniently provide handling, storage, packing, crating, break-bulk or consolidation, inventory management, facility management, distribution and other value-adding services in support of your personal, commercial, industrial or project objectives.
